

Solar Cell Panoramic Camera

MODEL : SOLAR 4004

Feature

- Dual-Lens Stitched 180° Panoramic View
- Built-in 6W solar charge panel
- Built-in MIC and Speaker, support two-way talk
- Support TF card and cloud storage
- Built-in 18650 18000mAh rechargeable batteries in camera
- Equipped with spotlights and siren alarm
- IP66 Waterproof and Dust proof, no fear of bad weather outdoors
- Support multiple installation modes:integrated/separated wall and ceiling mounted

Specifications

Main Parameters	
Image sensor	4MP+4MP HD CMOS Sensor (Dual sensor camera)
Video resolution	5120 * 1440 at 15 frames/sec
Video compression	H.265
IR Distance	40M
Field of view	Dual 2.8mm lens /180°visual angle
digital zoom	4x digital zoom
While Light	can light up an area of 50 square meters
Audio	
Audio Input	built-in 38dB microphone
Audio Output	Built-in 8Ω3W speaker
Video Management	
Recording Mode	Whole day recording, Motion-triggered recording
Video Storage	support Max 128Gb TF Card storage and cloud storage
Version	
Wi-Fi Model	2.4GHz/IEEE802.11b/g/n wireless network
Alarm	
Motion Detection	PIR motion detect
System Configuration	Software version IOS7.1, Android 4.0 and above
General	
Material	Plastic with metallic paint
Battery	6pcs 18650 18000mAh rechargeable battery
Solar Panel	6W ETFE
Working Temperature	-15~55°C
Power Adapter	5V 2A USB charge
Weight & Dimesion	Camera: 230*160*140mm(L*W*H) Package:250*230*190mm G.W:1.8 KG / N.W:1.1 KG
